Achievements

 Sky a resident of the New York City suburbs, lives and breathes radio, entertainment, music and community. As of 2015 Skywalker reached a goal of his broadcast career by joining CBS radio and 92.3 AMP in the largest market in the country; New York City. Skywalker's greatest professional achievement is his show on WSPK K104.7, the #1 most listened to radio station in the Hudson Valley for the past 16 years.

Radio exposure has led Sky to attend and cover large scale events, including the MTV Music Awards, the GRAMMY Awards, the NFL Kickoff Live from Times Square and numerous movie premiers.
